SUMMARY

Full Stack Developer (Fresher) Softronics I am currently learning on hands with real time projects with React. js, Django, and MySQL. Experience constructing responsive UIs with HTML5, CSS3, Bootstrap - The use of JavaScript (ES6+). Skilled in RESTful API integration, databases and Agile development. Keen to work within a professional development team and develop as a software engineer.

WORK EXPERIENCE

Full Stack Developer Intern, *Softronics, Kerala, India*   June 2025 – Present
Developed full-stack applications using React.js and Django, with responsive UIs built using HTML, CSS, Bootstrap, and JavaScript (ES6+). Integrated RESTful APIs via Django REST Framework, managed MySQL databases with CRUD operations, and collaborated using Git in an Agile workflow.

Education

Bachelor of Computer Application   2022 – 2025
GEMS Arts and Science College

Prompt Engineering Certification   June 2024 –
Talim   September 2024

Projects

CoopFinTech, *Automation of Chitty and RD*
Automated cooperative banking operations to improve efficiency and reliability. Designed MySQL database schemas, developed secure REST APIs using Django and DRF, and built responsive UIs with HTML5, CSS3, JavaScript, and Bootstrap. Integrated Flutter for mobile app support and implemented blockchain-based bidding and transaction validation.

Skills

Programming Languages: Python, JavaScript (ES6+)

Frameworks & Libraries: Django, React.js, Bootstrap

Web Technologies: HTML5, CSS3, REST APIs

Databases: MySQL

Tools & Platforms: Git, GitHub, Agile

Soft Skills: Team Collaboration, Problem Solving

Languages

- English(fluent)
- Malayalam(Fluent)
